Individualdekors with three-dimensional effect

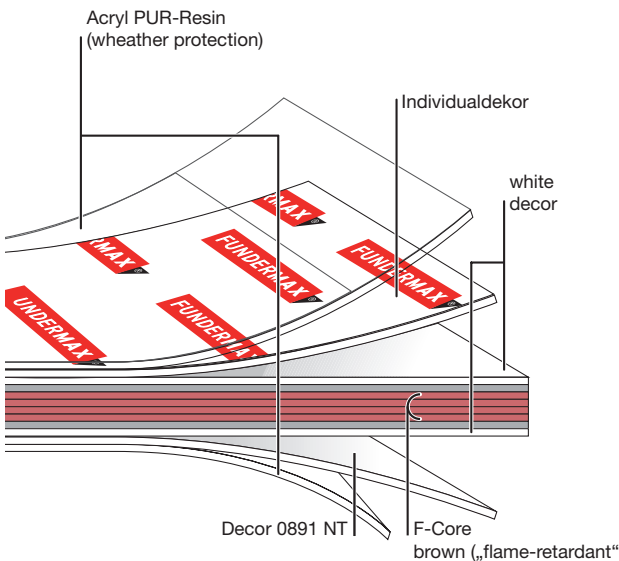

Let yourself be inspired

FunderMax developed a collection of Individualdekors with a design-studio. Especially for the use in outer applications like facades or balconies 10 new decors with three-dimensional impression were included into the range of products.

The quality of the panels is the same as the standard Max Exterior panel which is in compliance with the EN 438-6 and has also a double-hardened NT surface.

In this brochure you see the decors in a panel-size of 2800 x 1300 mm and a cut-out of nearly A4. At all other available panel-formats the decors are produced either with a corresponding extended pattern or a cut-out.

All shown decors are also available for interior applications as Max decorative laminate (HPL) or Max Compact laminate (HPL).

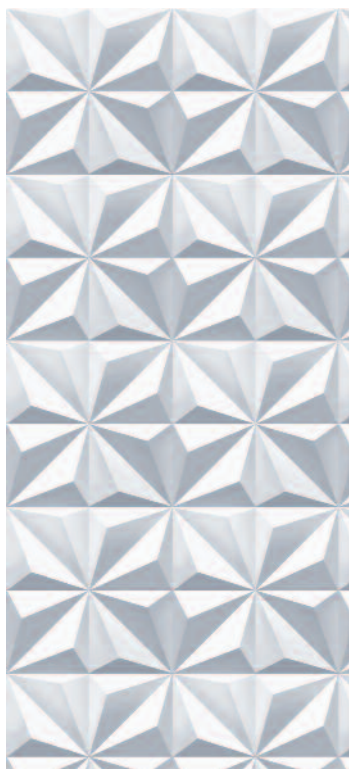

Max Exterior panel construction

Available Decors and Formats

Max Exterior Compact Panel							
No.	Surface	Name	Charging-Format 2140 x 1060 mm max. printed format 2100 x 1020 mm reverse side is 0891	Charging-Format 2800 x 1300 mm max. printed format 2760 x 1260 mm reverse side is 0891	Charging-Format 4100 x 1300 mm max. printed format 4060 x 1260 mm reverse side is 0891	Grain	Transport- protection foil

Printed format 2760 x 1260 mm

Applications

Many applications are qualified for this individual solutions with three-dimensional effect.

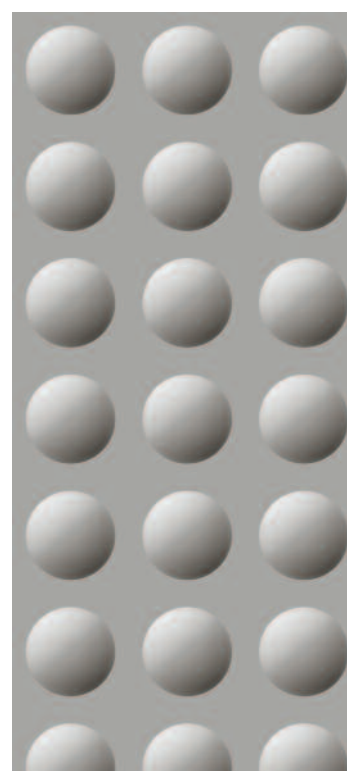

- _back ventilated facades
- _balcony claddings
- _balcony partitions
- _fences
- _banister panels
- _infill panels for doors and parapets

All decors have due to the three-dimensional effect a grain with reference to light and shadow. The effect to this was minimized as much as possible so the angle of view could be ignored.

The colours reproduced in this brochure may differ from the actual panel colours, which is due to the limitations of the printing process.
If needed please request an original sample.

Printed Format 2760 x 1260 mm

Advantages with sustainability

- _optimal light-fastness
- _extremely wheather resistant
- _long-lasting
- _graffiti resistant

Individualdekors with three-dimensional effect

Feel free for ideas

Due to the digital process of the decor-designs all patterns are feasible in individual shades of colours also. As an example you see on the right page the decor „Wave Large“ in a red and grey shade.

If you need an own decor or other sizes of the patterns or other shades of colours or a motif which should cover more than one panel and you dont have contact to a designer, please get in contact with us. We make contact to a designer for your requirement.

For your own design-ideas please note our Individualdekor-flyer for digital printing. You may find it at our website www.fundermax.at in the download-area.
